Natal Chart Report

for

YOUR NAME HERE

Introduction

Welcome to your Natal Chart report.

Your Natal Chart report is an astrological chart based on the mathematically precise positions of the planets and the Sun and Moon at the time, date and place of your birth. It provides you with insights into your character and personal life potentials by indicating the strengths you have and the challenges you experience in life.

Your Natal Chart report covers among other things your primary motivation in life, your identity, emotions, mentality, love and sexuality, spirituality, earning ability and career potentialities and so on.

In some parts of the report you will come across apparent contradictions in the descriptions of your character. This is to be expected; people are complex and have many contradictory facets to their personality.

PLEASE NOTE: this is a computerised report. For a truly personalised and synthesised report you may like to follow this up with a personal consultation.

Ascendant

The Ascendant describes your personality and image, the face you show the world, and the nature of your personal and wider environment.

Ascendant in Cancer

Your primary motivation in life is to feel emotionally secure. You are sensitive and emotional; however you can also be over-sensitive and easily hurt by people. You are receptive to the needs of others and have a natural desire to care for or protect people. Family and domestic matters are always important to you and your home is your retreat and sanctuary. At times, you are susceptible to changeable moods, irritability and touchiness.

Ascendant Sextile Sun (3° 26' S)

You project an aura of confidence and self-assurance that announces to the world "I know who I am and what I'm worth". You have a strong desire to become important or to gain the esteem of others. You have a knack for attracting the attention of important and even well-known or famous people. Other people respond to the sheer warmth, vibrancy and power of your personality.

Ascendant SemiSquare Mercury (1°43' A)

You have a keen mind and quite possibly an above average intelligence. You are sharp-witted and alert to what's happening around you; so much so that you rarely miss a trick. A clear communicator, you express yourself lucidly and frankly. Also, you are a good conversationalist because you are curious about what interests others. You are animated and expressive in company and probably talk with your hands. Intellectually, you have a questioning mind, coupled with the capability to form your own opinions and, when sure of your facts, tend to dominate discussions. Negatively, you can have a tendency to be judgemental or overly critical of people whose views contradict your own. You may engage in gossip or rumour mongering. Your personal environment is busy most of the time, which is just as well as you tend to be quite restless and find it nearly impossible to sit still for very long.

Ascendant Trine Mars (0°44' S)

Hardworking and industrious, you are goal conscious and determined to realise your personal desires. You are ambitious for recognition and you achieve successes through your own efforts and self-motivation. You are a good organiser and like being in charge of situations. Giving orders or instructions to others comes naturally to you. In general, your physique is strong and hardy and you recover from low-level illnesses or injuries comparatively quickly. You face life's battles head on and are rarely daunted by much at all.

Ascendant Conjunct Saturn (7°27' S)

You are quite a complex person; some days you come across as shy or inhibited and other days as authoritarian and controlling. You are very practical and take your responsibilities seriously. Possibly, you have held responsible positions throughout your life, perhaps even since childhood; e.g. you may have had to look after younger siblings. You are quite self-contained and tend to keep your own counsel, consulting with others only when you need to. This can make you appear aloof or distant and give you a reputation for unilateral decision-making. Experience has made you circumspect in your dealings with others. You tend not to suffer fools gladly and have little time for silliness and trivialities. Your physical body is lean and angular and, generally, you will maintain a slim physique throughout life. It is possible that you may experience periodical bouts of low vitality.

Ascendant Square Uranus (7°30' A)

You are an original personality and delight in your uniqueness and individuality. You insist on having the freedom to do as you wish, even if it unsettles others. You are a non-conformist and, in all likelihood, ahead of your time. To some people, you are an exciting person to be around; to others you are just too unconventional for them to understand. You need to take care not to come across as too eccentric or weird, because you may isolate yourself socially. You are intrinsically restless and will tend to have many changes of environment throughout the course of your life. You may be a technological whiz.

Occasionally, you experience feelings of dissatisfaction with your lot in life; however this can serve as a motivation to improve your situation. You have a strong desire to make your mark on the world and to accomplish something of significance. Your ambition and self-motivation is pronounced, and you will pursue your goals in life with passion and intensity. If other factors in your chart support it, this aspect can bring you power and leadership over others. At the very least, you will be known in your own group or community for organising others and taking charge of situations. However, watch that you don't let power go to your head, because you will turn people against you, especially if they think they're being manipulated. Similarly, you can risk placing yourself in serious loss situations if you provoke those with greater authority than yourself.

In general, you tend not to be overly concerned with the need for public recognition, preferring instead a quiet and simple life if possible. You may suffer from inexplicable fears and anxieties, and possibly at the hands of false friends or secret enemies. On occasion, you can literally feel confined or restricted.

Saturn Square Pluto (7° 51' S)

Everything you achieve in life is as the result of sheer determination and effort. In reality, nothing of lasting value comes to you without hard work and sacrifice. A simple analogy you can use to understand this aspect is: the more preparation you do for an exam the better your pass will be, the less your preparation, the worse you'll do and the worse you will feel afterwards. You have great powers of endurance and perseverance, coupled with a tenacious attitude and the self-discipline to see things through to their successful conclusion. You have the power to perform at the highest level, but only after you have served an appropriate apprenticeship. Other people acknowledge your authority and expertise in a particular field, when they can see you've earned it. In summary, work hard and prosper, accept disappointments with dignity, not bitterness, and remember that difficult times don't last forever.

Saturn Sesquiquadrate Moon's North Node (2° 03' A)

Since 1940 and continuing until about 2040 they are in sextile aspect to each other. The major effect of this is to accentuate spiritual awareness and development en masse.
